

Greetings!

THE FOLLOWING IS A SPECIAL MESSAGE from Romola, Coordinator, Circle of All Nations Legacy work or Dr. William Commanda, OC

A CIRCLE OF ALL NATIONS

The Circle of All Nations (CAN) is the unfunded informal global eco community founded by the late Indigenous Elder William Commanda, Algonquin of the Ottawa River Watershed, to inspire and advance respect for Mother Earth, plants and animals, and to promote racial harmony and peacebuilding. I met Grandfather

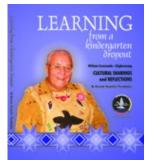

A CIRCLE OF ALL NATIONS A CULTURE OF PEACE

Commanda twenty years ago and have supported his work since then; and I continue to maintain and coordinate this work entirely pro bono.

CAN colleagues will be pleased to know that our doctoral thesis entitled **"Ginawaydaganuc and the Circle of All Nations: The Remarkable Environmental Legacy of Elder William Commanda"** was completed successfully this winter. Already a recipient of two honourary doctoral degrees, and honoured with appointment as Officer of the Order of Canada, Wolf Project, Harmony, Lifetime Aboriginal Achievement, Master Canoe Builder and countless other awards, our "Kindergarten Dropout" is now entrenched in the western academy; our thesis explores his Indigenous ideology, Circle of All Nations bridge building work, canoe epistemology, and leadership and outreach in prisons and in and social justice and environmental work. Our thesis is developed around the Circle of All Nations logo and it highlights the contribution of our book (Thumbadoo), our canoe teaching documentary "Good Enough for Two" (Pouyanne), NFB documentary "Ojigkwanong" (Ouimet) and our CAN team (you!) to the study and continued relevance and emergence of his critically important earth-based knowledge and wisdom.

This teaching logo has been featured on our CAN t-shirts since 1998, when it was presented at our first Peace event in the National Capital Region. Well, twenty years later, our <u>t-shirts are available again</u>!

Megwetch Karen!

To Dr. Romola Thumbadoo,

I'm deeply honoured by your recognition, and even more so to have been along for parts of the ride on this amazing journey with you and Grandfather over the past couple of decades. I'm incredibly blessed and grateful.

I also offer a HUGE congratulations to you on the success of your thesis submission. I know Grandfather is smiling brightly, so proud of all your hard work, and grateful to you for finishing what he started. I have always been amazed by the depth of your knowledge and understanding of his work. You truly are a living encyclopedia!

I have witnessed, first hand over the years, how selflessly you sacrifice and contribute to Grandfather's work. You protected him like a fierce lioness and your love and support gave him great joy and comfort during his final years, as well as contributing to his enduring legacy. You continue to honour his work and keep his important legacy alive and for all that we're very grateful. I am in awe of you my dear friend. Karen Bisson Turtle Lodge Trading Post

Rock steady since 2006!
