

JANUARY 14, 2017 ENCORE VIVANT in FRANCE!

Grandfather William Commanda is the focus of a special peace event organized by Luma and the ASSOCIATION SACRED CIRCLE in France! Circle of All Nations friends will remember her participation in the gatherings Grandfather hosted at his home in Kitigan Zibi.

The poster features a dark blue background with a starry pattern. At the top left is a portrait of Grandfather William Commanda wearing a traditional beaded headband. To its right is the logo of the Circle of All Nations, which depicts a globe with a tree and a path, surrounded by the text "A CIRCLE OF ALL NATIONS" and "A CULTURE OF PEACE".

En l'honneur du

PAIX
Association Sacred Circle

Dear Luma,

Evelyn and Romola send our very best wishes for this event to honour Grandfather Commanda. In 1967, Grandfather hosted his first gathering to promote peace, healing and respect for Mother Earth in Canada, and he also made many trips to France in the same spirit of reconciliation. He also conducted pipe ceremonies for three days in Paris in 1990 for the Pre-Earth Rio Conference, because, consistent with Indigenous Prophecies, he was deeply concerned about the looming environmental crisis. Circle of All Nations continues to do his work to promote healing of the peoples, and healing of relations with Mother Earth and Each Other.

Our very best wishes for a successful event. We look forward to hearing about it. Thanks for your efforts to animate the legacy of Grandfather Commanda.

Merci! Megwetch,

Evelyn and Romola
Circle of All Nations

Dear Romola and Evelyn,

We received 70 people that came to discover and honor the legacy of Grandfather. For the occasion I created and printed a long banner of 6' high x 3' install on a Roll-up. See the picture included. The PDF is too big for email...

LESCAR is a city near Pau in France.
This is a very beautiful region of France.
We had to do it in a hall.
The participation and the interest grew up until the end of the evening.
We had planned to release the people for 20h but almost everybody stays until 11 pm.

Manu and Claudio are 2 musicians that work hard for 2 weeks to learn native songs that Manu had received during his trip on the Reservation and keeps on a hold cassette. Manu spend 3 weeks many years ago near Grandfather. He was healed by Grandfather and since that time, he honors the tradition with respect and love. He is a flute player and a guitar man.

The musicians played and sang with many others to honor The Circle of all Nations and many told me after the drums and dances that they felt the presence of Grandfather. I did also feel Grandfather in my heart and all day a win of fresh air was on top of my head. Before the event, when I arrived, nice people offered me a studio so I can rest. When they give me the keys in a ring and attach to it was a big golden frog... That was my blessing!
They did not know anything about Grandfather :)))

I translate verbally your message and blessing to the people and I promise that I will send them the French translation.

Together for Peace... we are with the spirit of Grandfather.

Your blessing was so appreciated from my team and me. We had some great emotions of love. I work with 6 persons that are waking in the red path and have generous hearts.

I will send you some pictures when I receive it and also my message.

I am very grateful for your support and blessing Romola and Evelyn.

You have no idea what your support brings to the work I am inspired to do.

It is over my own will, it is coming from deep inside and always with the spirit of Grandfather.

If my life is to be a humble messenger of peace, it is true the wisdom of my ancestor and my mentor Objiwanong.

Meguecht !
